The inspiration for One Owner Collector Car struck on a sunny California summer day in 2003. One Owner Collector Car Director D. S. Brown passed a neighbors' pristine 1970 Oldsmobile Cutlass and requested an interview. Original owner Margaret provided memories that formed the first story on this site. One Owner Collector Car documents classic one owner cars regardless of condition, blending technical history with personal anecdotes.

One Owner Collector Car was incorporated in 2009 and is headed by D. S. Brown.
